

September's Principal's Passage

Parents, thanks for helping get the school year started off on a great start. We appreciate the support in helping keep our students safe at school. If your student is dropped off or picked up at EES, please remind them to use the cross walks. Also, please remember to follow all traffic rules including not passing a parked bus when its sign is out. When visiting the school, please remember to use the front entrance and check in at the office. All visitors will have a visitor sticker to wear while in the building. It takes all of us working together to keep our kids safe. Thank you!

The theme for the school year is "Make each day your masterpiece" by John Wooden. During Bulldog Huddle on the third Friday of each month, I will be focusing on this quote as well as talking about Wooden's Pyramid of Success. The pyramid gives all people including the students a good guide on how to be successful now and in the future.
